REVOLVING LOAN FUND

Loan funding made possible through the Cares Act

HELP BUSINESSES OVERCOME CLOSURE AND LOSS OF BUSINESS DUE TO THE COVID PANDEMIC

How Funding Relief can help:

- Bring term debt and lines of credit up-to-date
- Aid in purchasing inventory because of depleted cash reserves
- To recruit and train staff because of employees that were lost during Covid-19 closure
- Loans needed to recoup from business losses during the Pandemic
- Re-capitalize businesses that have been severely damaged through Covid-19 restrictions
- Fund start-up costs for a business, if that business can demonstrate how its opening was delayed or halted by the Coronavirus.
